

# Thinspired.

Inspiration cannot be labelled, nor quantified. It is a feeling that sweeps you off your feet and pushes you to perform beyond your own expectations.

Meet our most trimmed high-performance smart card reader ever. The Todos A100. It's the smartest, thinnest and most user-friendly strong authentication tool ever equipped with our patent pending market-leading technology.

## Strong authentication

The Todos A100 allows customers to create One-time passwords (OTP) with their smart card and PIN code. Part from being fully compliant with market standards (EMV-CAP etc.) the A100 also implements Todos patented technologies Dynamic Signatures and Secure Domain Separation increasing user-friendliness and security in one smooth move.

## Sleek design

The Todos A100 is designed to inspire awe. The virtually invisible buttons give a comfortable tactile feedback. It fits along with your banking cards, meaning instant freedom to bank or shop online anywhere, anytime. It's 3.9 mm thin and weighs in at 20 g. Thus being the most secure choice in its class.

## The perfect brand extension

All portable devices convey the image of your brand directly in your customer's hands. Packed with functionality the Todos A100 can of course be fully customized: not only the casing color but also the whole facing and keys can be adapted to your requirements.
