

# Minimalistic.

Simplicity is a vital factor in the success of any authentication solution for eBanking and eCommerce. Todos onCard is the fashionable way to solve the risks that static passwords and ordinary TAN-lists pose. Being ultra-user friendly, and quick and efficient to roll-out, Todos onCard is sure to be a hit with fashionistas everywhere.

With Todos onCard in your wallet you have the perfect hybrid of design and unrivalled portability – all rolled into an easy-to-use security device the size of an ordinary credit card.

## Ultra thin, ultra cool

Classic two-factor authentication bundled into the size of an ordinary credit card. Can online security get any more minimalistic than Todos onCard? With this beauty in your wallet you'll look sharp even at check-out. Meanwhile, this ultra-thin device (0.76 mm) is an ideal way to defeat online fraud such as ID-theft, key-logging, phishing and pharming - on the move.

## A real fashion statement

Leveraging the latest in minimalistic design and engineering, such as ePaper and super-smart energy sources, onCard is a true fashion statement for the extravagant eBanker or online shopper.

0.76 mm

## Luxurious branding areas

Every millimeter of the onCards superslimmed body is brandable. Use this space to communicate your bank's – or why not your customer's – own favourite image. Make this a homage to what you love most – a secure every-day life.
